1. Do not use this TV near dripping or splashing water. Do not use any liquids near this TV.
2. Clean with a dry cloth only.
3. Do not block any ventilation openings and install in accordance with the manufacturer's instructions.
4. Do not place this TV near any heat radiating sources, such as heaters, stoves, or other devices (including amplifiers) that produce heat.
5. Please ensure that the power cord is protected from damage (i.e. being walked on, cut or split) especially at the inputs.
6. Only use attachments/accessories specified in this manual.
7. Unplug the TV during lightning storms or when the unit will be unused for long periods of time.
8. Refer all servicing to a qualified service personnel. Servicing is required when the TV has been damaged in any way, such as; if the power-supply cord or plug is damaged, if liquid has been spilled or objects have fallen into the TV, if the TV has been exposed to rain or moisture, if it does not operate as per this manual, or if it has been dropped.
9. The TV should not be exposed to dripping or splashing and no objects filled with liquids, such as vases, should be placed on the apparatus.
10. If the television is to be built into a cabinet or similar enclosure, a small amount of distance should be maintained to ensure ventilation. Heat build-up will reduce the service life of your television, and can also be dangerous.

ADDITIONAL SAFETY NOTES

Never tamper with any components inside the TV, or any other adjustment controls not mentioned in this manual.

All LED LCD-TVs are high voltage instruments. When you clean the unit or cabinet turn off the power and use a dry soft cloth.

During thunder and lightning, unplug the power cord and antenna cord to prevent damage to your TV.

All repairs to this TV should only be performed by qualified TV service personnel.

Important Safety Instructions

Warning: To reduce the risk of electric shock, do not remove the cover or back as there are no user-serviceable parts inside. Refer all servicing to a qualified technician.

Warning: To prevent fire or electric shock hazard, do not expose the unit to any liquids or moisture.

Do not expose the TV and power adaptor to water (dripping or splashing) and no objects filled with any liquids, such as vases, should be placed on or near the unit.

Please ensure that this product is kept away from direct sunlight and heat sources.

Do not block any of the ventilation openings. Slots and openings on the unit are provided for ventilation. The openings should never be blocked.

Do not place the product on any unstable surfaces as this may cause the unit to fall and may cause possible damage or injury.

Never place heavy or sharp objects on the panel or frame.

Only use the AC adaptor included with product. Using any other adaptor will void your warranty.

This marking indicates that this product should not be disposed with other household wastes. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. To dispose of your LED LCD TV contact your retailer where the product was purchased for tips on safe disposal when the time comes.

Base Stand Assembly Instruction

1. Place the TV with the display side down on a flat surface. Use a cloth to protect. Locate the bottom at the stand.

2. Fix the bottom with turning the screw tightly on the stand.

**INSTALLATION NOTES**

This TV can be connected to an AC 100-240 Volts, 50/60 Hz power supply. Never connect straight to a DC power supply.

Locate the TV in a room where light does not strike the screen directly. Total darkness or a reflection on the screen can cause eyestrain. Soft and indirect lighting is recommended for comfortable viewing.

Allow enough space between the TV and the wall to permit ventilation.

Avoid excessively warm locations to prevent possible damage to the cabinet or premature component failure.

WALL MOUNTING INSTALLATION GUIDELINES

This television can be wall mounted as follows:

1. Place the LED LCD Television onto a solid surface. Please place some soft material over the front of the screen to protect it from any damage.
2. Remove the screws from the lower part of the television, where the base joins to the TV, and take away the stand (put the stand somewhere safe for future use).

3. Use the four screws provided to fix the TV onto a wall mounting bracket (not included) via the four VESA standard holes on the back of the television.

TELETEXT

Teletext is an information system broadcasted by certain channels which will provide detailed program information. It also offers access to subtitles for viewers with hearing problems or who are not familiar with the transmission language (cable networks, satellite channels, etc.)

Press:	You will obtain:
<p>TEXT</p>	<p>This is used to access and/or exit the Teletext mode. A summary will appear with a list of items that can be accessed. Each item has a 3 digit page number. If the channel selected does not broadcast teletext, 100 will be displayed and the screen will remain blank (in this case, exit teletext and select another channel).</p>
<p>SELECTING A PAGE</p> 	<p>To view a specific page enter the page number required by using the Numeric Buttons. The number will be displayed on the top left. The page counter will turn until the page is displayed. Repeat this operation to view another page. If the counter continues to search, this means that the page is not transmitted.</p>
<p>DIRECT ACCESS TO THE ITEMS</p> 	<p>The coloured buttons correspond to the colour options at the bottom of the screen. The four coloured keys are used to access the items or corresponding pages. The coloured areas flash when the item or the page is not yet available.</p>
<p>INDEX</p>	<p>This button will open/return you to the contents page.</p>
<p>SUB PAGE</p>	<p>Certain pages contain sub-pages which are automatically displayed. This key is used to stop or resume sub-page acquisition. The indication appears top left.</p>
<p>HOLD</p>	<p>To freeze the page.</p>
<p>REVEAL</p>	<p>To display or hide the concealed information.</p>
<p>LIST</p>	<p>The user can set four favourite pages to be directly linked to the four color keys. While list mode is activated, it is not possible to use TOP or FLOF navigation with the colour keys. The favourite page numbers should be stored and restored to/from nonvolatile memory for each channel by the system software.</p>
